<b>REISSUE INFORMATION DECLARATION BY THE INVENTOR</b>	Docket Number (Optional) <b>7157-340</b>
--	---

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,756,981 granted May 26, 1998, and for which a reissue patent is sought on the invention entitled Optical Scanner for Reading and Decoding one-and-two Dimensional Symbolologies at Variable Depths of Field Including Memory Efficient High Speed Image Processing Means and High Accuracy Image Analysis Means the specification of which

☐ is attached hereto.

☒ was filed on May 25, 2000 as reissue application number 09 / 579,023 and was amended on \_\_\_\_\_ (If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

1. I believe the original patent to be wholly or partly invalid or inoperative by reason of my having claimed less than I had a right to claim, specifically that claims 1, 16 and 31 of the issued patent are too narrow in scope in that they recite, for example, the unnecessary limitation of "moving means for moving at least one of said plurality of lenses with respect to other lenses of said plurality of lenses".
2. I believe the errors corrected in this reissue application came about due to failure on the part of prosecuting attorney to appreciate the full scope and true nature of the invention disclosed in the application.
3. I declare that this failure to appreciate the true scope of the invention was without fraudulent or deceptive intention and arose solely from inadvertence, accident or mistake.
